Title: Solunite

Author: Jonathan Falen

Friends,

I am working on creating
a new type of ore
elemental. In order to
create this new elemental,
I need a special elemental
of each type. These

special elementals are
created from a stack of
60,000 units of ore.

Once I have these 8 ore
elementals I will be able
to create my new
Solunite Elemental. I

don't have much to offer
now, but once I sell this
creature I will be rich.

Jonathan.
